## HOW TO FIND KYRON LABORATORIES

From north of Johannesburg, follow the M1 South until the road forks into the M2 East (Germiston/Durban) and M2 West (Roodepoort/Free State). Take the M2 East. Go past Rissik Street, Mooi Street, Joe Slovo and Heidelberg offramps. Take the Ruvenweg/Benrose offramp. Cross the traffic lights over Ruven Road at the bottom of the offramp and carry on to the next set of lights. Take the slipway to the left into New Goch Road. At the next set of traffic lights (the corner of Barney Road & New Goch) you will see Kyron's white and purple building. Turn left into Barney Road the entrance is on your right.
